

6 A POWERFUL GOSPEL IN A PLAGUED CHURCH

When the Church Fails its Family!

1 Corinthians 5:1-13

INTRODUCTION

I. The church is to mourn when sin invades the family (1-8)

II. The church is act when sin invades the family (9-11)

III. The church is to focus on sin in the family, not sin in the world (12,13)

CONCLUSION

1. Does our life, service, concern, love, and prayers for the church family contribute to someone being broken if they were excluded?

2. Does our life, service, concern, love, and prayers for the church family reflect more burden for the world than for a brother or sister living in sin?

3. Does our life, service, concern, love, and prayers for the church family focus more on the world's evils rather than a struggle a family member may be going through?

4. Does our life, service, concern, love, and prayers for the church family result in obeying God's plan to rescue a family member if need be?
