We Don't Always See it Today

Esther 1

9/12/2020

Introduction: We don't always see God. Sometimes we feel He may not be here because we don't see miracles like the Red Sea parting or the Walls of Jericho like the people experienced in the Old Testament. In the first chapter, there is no mention of God. It is basically about the king and queen. We see the following:

- A Display of Power and Luxury
- A Display of Refusal and Rejection
- A Display of Anger and Outrage
- A Display of Superficial Power and Control

Applications:

- Don't be fooled by the power of this world
- Don't be drawn in by the influence of this world.
- Don't be impatient when God's power and presence are not evident.
