SCRIPTURAL EVIDENCE

CONCLUSION

1. It doesn't matter how eloquent we are, how we are dressed, what the atmosphere of the setting is, how the music is, etc...unless God opens the heart!

2. We must thank God for his drawing power and for the spiritual work of regeneration,

3. We trust God when others don't respond.

We are involved in a work that only God can do!
We are thankful that God can indeed do it!
